Colophon

This facsimile of Petrus Bertius's *Nomenclator*, made from a copy in Leiden University Library, appeared four-hundred years after the original edition, during the celebration of the four-hundred-and-twentieth anniversary of the founding of Leiden University. For this occasion, a new introduction and author index have been added. The photography was carried out by W.J. Vreeburg of the Audiovisueel Centrum, John Lane translated the introduction. The publication was made possible by a grant of the Leids Universiteits Fonds.

350 copies have been printed.
