The journal Hadeeth ad-Dar of Dar al-Athar al-Islamiyyah (DAI) is intended to share the wealth and beauty of Islamic culture contained within the extensive and comprehensive al-Sabah Collection of Islamic art and the variety of scholarly and artistic activities associated with the collection.

The collection itself, ranging from early Islam to the 18th century, is organised according to both historical period and geographical region. The reference library and the publications of DAI are closely related to the collection.

DAI has sponsored archaeological excavations in Bahnasa, Upper Egypt that date to the Fatimid period. We are also involved in the Raya excavation at al-Tur, in Sinai Peninsula in Egypt. At present, our annual lecture series has been revived and is a focal point for historians and other specialists in the field. It features talks by prominent international scholars on various topics of Islamic art, history archaeology and architecture.
