Comments:
The text of this book is followed by a separate, although incomplete, topic, entitled 'Risālat Bn 'Atiq,' which was also copied by the same copyist.
The manuscript contains a statement of ownership in the name of Sulayman b. Hamad b. Bakr dated AH 1160/1747; a statement recording that it was borrowed by 'Abd Allah b. 'Abd al-Rahman b. Mu’ayyil, and another statement of ownership in the name of ‘Abd Allah b. ‘Abd Allâh b. Tsâ. In addition, it bears a statement of endowment on students of religion from the Al Tsâ by ‘Abd Allâh b. ‘Abd Allâh b. Tsâ. There is also a statement which records that the manuscript was borrowed from Ibrahim b. Sâlih b. Tsâ. The manuscript is a valuable one, and was collated with a copy in the author’s own handwriting. Some folios from the beginning of the manuscript and folios 85b - 88a had been lost, but were added later on in a more modern script. There are notes and corrections on the manuscript as well.
